

Northwest Indian College

Annual Crime Statistics: 2004-2005-2006

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ("The Clery Act") requires the annual publication, by institutions of higher education, of selected crime, arrest, and disciplinary statistics for the previous three calendar years.

Northwest Indian College officials recognize that not all crimes are reported. Students, faculty, and staff are encouraged to utilize services and to help NWIC stop crime by reporting incidents to appropriate College departments.

Collection of Statistics: The Vice President of Operations, the Human Resources Director, and the Chief of Police for the Lummi Nation provide the annual crime statistics. If you have questions regarding the statistics published here, please contact the office of the Vice President of Operations.

Crime Definitions: The crime definitions used to collate the statistics in this report conform to the requirements of the implementing regulations of the Clery Act (ref. 34 CFR §668.46(c) (7)).

Hate Crimes: The Clery Act requires the separate reporting, by category of prejudice, of any crime reported in the classifications below and any other crime involving bodily injury that manifests evidence that the victim was intentionally selected because of the victim's actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability. No hate crimes were reported at Northwest Indian College in 2004, 2005, or 2006.

Note on Statistics: These statistics represent crimes reported to a wide variety of officials, both on and off campus. Officials at NWIC take a very proactive approach to the enforcement of institutional policies and of local, state, tribal and federal laws. Higher reported numbers do not necessarily mean higher occurrences of crime. Higher numbers are often a result of more comprehensive enforcement and reporting.
