

## Course Substitutions to Complete Associate Degree Program Requirements Northwest Indian College

Description of course substitution: Students who are pursuing an associate's degree at Northwest Indian College that requires NASD 110, HIST 111, or HIST 112 are to take CSOV 101 in place of NASD 110 and CSOV 120 in place of HIST 111 and HIST 112. The following describe the different situations in which these course substitutions are to be used.

If the student has

1. not completed NASD 110, HIST 111, or HIST 112 then the student should complete both CSOV 101 and 120.
2. has completed NASD 110 but not HIST 111 or HIST 112 then the student should complete CSOV 120. Note that the student will need to get permission from the CSOV 120 instructor to waive the requirement for CSOV 101.
3. has completed NASD 110 and HIST 111 but not HIST 112 then the student should complete HIST 112. HIST 112 is only available to this particular group of students or as approved for special circumstances.
4. has taken these courses out of sequence, and has completed HIST 111 and HIST 112 but not NASD 110 the student should complete CSOV 101.

Note that completion of CSOV 120 satisfies the requirement for both HIST 111 and HIST 112. Students who have already completed NASD 110, HIST 111, and HIST 112 do not need to complete CSOV 101 or CSOV 120.

### This diagram describes these four possible situations:
