The class has been a good refresher on the IPE process. The examples are very helpful.

It really makes me slow down and take time with development of the plan for the client; also, the importance of doing everything together with the client has been stressed throughout the course. I am more aware of the importance of comparable services needed to get the customer more services through what is available.

It has improved my knowledge of what the regulations are for TVR and what kind of services that we can and cannot do.

I have learned a lot of information on what items an IPE may incorporate as well what services may be covered through the IPE and ways to find comparable services

I got to see how other programs do things.

class notes on clear development for an IPE requirements

I go and read to understand more

Sharing other scenarios and information with my peers. Learning more about other tribes across the country and finding out how much we have in common as far as history goes.

The sharing of documents and policies, there is no reason to reinvent the wheel.

I had a few emails that helped me remember the class was going to be coming up last quarter. I think that helped me focus on times of classes.
