Please describe how this course was relevant to your work or your educational goals:

Text Entry
This information was very relevant to my work as I am a VR counselor.
This coursework is extremely important to me because it is one of the only ways I am learning how to do my job. I do get help from coworkers when I need it but I hate asking all the time. I feel as if I am a burden. So this classes have helped me in that way.
My goal is to be a Director of a TVR Program someday. This course taught me many things I have heard of but did not know exactly what it was.

If you work for a Tribal VR program, how do you plan on applying to what you've learned in this course to your job?

Text Entry
I plan on continuing to use all this information on a daily basis. I have become knowledgeable on issues I wasn't aware of such as the budget, cuff accounts and draw downs.
I plan on helping out more when it comes to the budgeting aspect. I would like to have a more important role when it comes to that. But then again, I am in no rush.
Paying attention to detail and asking to review our budget together.

If you work for a Tribal VR program, do you share information you learn from the course with others you work with?

#	Answer	Bar	Response	%
23	Yes		3	100.00%
24	No		0	0.00%
	Total		3	100.00%

Please describe who you are able to share info from the course with and how it is shared (ex. with co-workers at a staff meeting):

Text Entry
I am able to share information about this course with my co-workers. I have been encouraging everyone in our program to take these classes.
I share different things during a normal day at work. I usually will tell my coworker/lead counselor. I like to tel her what I learned during the week and see if I am on the right track. It is also convenient because she did an internship with the state VR program. So i like comparing TVR to the state VR.
Hopefully to review grant and budget as a team
