

ASSOCIATE OF APPLIED SCIENCE - TRANSFER DEGREE  
EARLY CHILDHOOD EDUCATION

The Associate of Arts and Sciences-Transfer degree in Early Childhood Education is designed for people pursuing careers in the early care and education field. With a strong emphasis in early childhood, students are prepared for positions as lead teachers and for a variety of other employment opportunities in Head Start, childcare, and other birth-to-six programs. The student is also prepared to transfer to specific four-year degree programs. Students interested in transferring should consult with an NWIC advisor before selecting courses to ensure that they meet the requirements of the college or university of their choice.

### NORTHWEST INDIAN COLLEGE REQUIREMENTS

ASSOCIATE OF APPLIED SCIENCE - TRANSFER DEGREE  
EARLY CHILDHOOD EDUCATION - continued

**\*REVISED 06.22.2011\***

## **Program Outcomes for the AAS-T in Early Childhood Education:**

### **Promoting Child Development and Learning:** Students will be able to...

- Demonstrate knowledge and understanding of children's characteristics and needs.
- Identify, analyze, and reflect upon multiple influences on child development and learning.
- Create safe, healthy, respectful, challenging and culturally supportive environments for learning.

### **Building Family and Community Relationships:** Students will be able to...

- Describe and reflect upon family and community characteristics within Native communities.
- Support and empower families and communities through respectful and reciprocal relationships.
- Involve Native families and communities in their children's development and learning.
- Assist families in reinforcing resilience and accessing resources.

### **Observing, Documenting, and Assessing:** Students will be able to...

- Articulate the goals, benefits, uses, and culturally responsible uses of assessment.
- Use observation, documentation, and other appropriate assessment tools.
- Articulate uses of assessment in partnership with families and other professionals serving indigenous communities.

### **Teaching and Learning:** Students will be able to...

- Demonstrate their ability to connect with children.
- Use developmentally and culturally effective approaches.
- Demonstrate an understanding of content knowledge in early education. Build meaningful, culturally engaged curriculum.

### **Integrity, advocacy, warmth, joy, and attention to children (commonly referred to as "Professionalism"):** Students will be able to...

- Identify with and involve selves in the early childhood field, engaging in continuous, collaborative learning.
- Act with integrity, engaging in informed advocacy for children, families, early learning programs, and themselves as early childhood educators.
- Integrate knowledgeable, reflective, and critical perspectives on early education.
- Display warmth, joy, and attention with a commitment to relationship-based care and education.
