

## Course Outcomes for ARTD 146

The following are working course outcomes. These outcomes will be reviewed the NWIC Curriculum Committee during the curricular review process in 2017 with the intent to create approved course outcomes.

As Course Learning Outcomes: When you complete this course you will be able to:

1. identify, explain and teach 4 different beading techniques and their origin.
2. produce a beginning beading project that represent the various techniques taught in class.
3. demonstrate knowledge of how beading is used in their particular tribal community and the value of beading to one's identity formation.
