

Course Outcomes: HUMS 230 IL

Chemical Dependency & the Family

The following are working course outcomes. These outcomes will be reviewed by the NWIC Curriculum Committee during the curricular review process in 2017 with the intent of creating and approving course outcomes.

At the completion of this course students will be able to:

- Understand the characteristics and dynamics of families, couples, and significant others affected by substance abuse
- Be familiar with and appropriately use models of diagnosis and intervention for families, couples, and significant others, including extended, kinship, or tribal family
- Facilitate the engagement of selected members of the family or significant others in the treatment and recovery process
- Assist families, couples, and significant others in understanding the interaction between the family system and substance use behaviors
- Assist families, couples, and significant others in adopting strategies and behaviors which sustain recovery and maintain healthy relationships
