

Course Outcomes: NASD 132

Tribal History II

The following are working course outcomes. These outcomes will be reviewed by the NWIC Curriculum Committee during the curricular review process in 2017 with the intent of creating and approving course outcomes.

At the completion of this course students will be able to:

- Describe events that took place in local areas during the early contact period, 1852-1880
- Explain articles I thru XV of point Elliot Treaty
- Identify the roles and duties of tribal council and the general council of the local tribal nation
- Describe how Aquaculture is a demonstration of self determination
