Understanding the way tribal VR came about and the resources that are able to be offered as part of the program. Also the opportunities that are presented for partnerships within communities.
The course has enabled me to better understand the overall goal of tribal vocational rehabilitation and better understand the grant requirements in regards to providing services. I look forward to the rest of this course and future courses as well.
It has made me more aware of somethings to do differently within the program and clients
I have learned so much during this course already. Some of the items are vital to our program doing things according to the CFR.
