

Northwest Indian College Foundation AR HOLD Scholarship

INTENT:

The AR Scholarship is intended for students who want to continue or re-enter a program of study at Northwest Indian College but have past debt preventing registration. This scholarship is offered so that a student can register, attend classes and get back into good academic standing to complete their degree or certificate. There is limited funding so this will be available on a “first come, first serve” basis. Please note that this will only cover any amounts that are over \$499. The student will be responsible for paying down the remaining debt and any future charges.

DUE:

First day of the quarter for which the student plans to return. Please check the website or NWIC catalog for start dates.
