Explain briefly why you are requesting a budget modification. Attach any documentation (receipts, signed statements, bills, etc).	

Keep in mind that this is not a request for additional funding, but for an increase to your unmet need, potentially allowing you to seek additional scholarships or work study funds. Some consideration to your budget needs may have already been made in the budget process and this request is only for funds in addition to your current budget. Any new budget adjustments will be indicated to you in a new award letter.
