Standards of Conduct

Equal Opportunity Compliance

Northwest Indian College is committed to and practices equal opportunity in education and participation in college activities without regard to race, color, gender, age, religion, political ideas or affiliation, national origin or ancestry, marital status, and physical or mental handicap. With regard to employment, Northwest Indian College supports and practices equal opportunity and the Indian Preference Act as authorized by Title 25, US Code, Section 473, and respective tribal laws and or regulations.

Sexual Harassment

Northwest Indian College strives to provide a working and educational environment that is free from sexual harassment for all students, faculty, and staff. Sexual harassment in any form is unacceptable behavior and will not be tolerated. For more information, please refer to the Title IX policy.

The Northwest Indian College Sexual Harassment Policy forbids sexual harassment of students by faculty, staff, or administration. Ethical Consideration

The purpose of intercollegiate athletics is to provide an opportunity for the Student-Athlete to attain a college education and degree and to develop their potential as a skilled performer, in an educational setting. By virtue of becoming a member of an athletic team, however, you become subject to certain responsibilities and obligations which could include the loss of some individual rights and privileges. It is important that your personal conduct demonstrates sound moral and ethical judgment. Remember, you are representing your tribe, your family, the team, and Northwest Indian College.

- 1) Student-Athletes may not participate in any gambling activity that involves intercollegiate athletics, professional athletics through a bookmaker, a parlay card, or any other method employed by "organized gambling."
- 2) Any prospective or enrolled Student-Athlete that is found in violation of this policy shall be ineligible for further intercollegiate competition for the duration of one calendar year.

Student Athlete Behavioral Expectations

Accountability & Responsibility

To participate in the intercollegiate athletic program at NWIC, Student-Athletes must meet all academic requirements of the Institution, the Athletic Department and all standards set forth by the head coaches. All Students are expected to strive for a 2.0 cumulative G.P.A. and apply their best efforts towards academic success. If a Student-Athlete falls below this minimum standard the Student-Athlete will lose their privilege to travel with the team or to play in home games they are on until they are back on track and have earned a 2.0 GPA. It is the

Student-Athlete's responsibility to fulfill each step of their education plan.

Student Athletes are subject to the same NWIC Student Code of Conduct, which can be found in the Student Handbook.

It is important to realize that **YOU** are responsible for your academic record, accept ownership for your achievement. Your grades are your grades and they will follow you to the next institution you attend. You may have several people working with you to help you achieve your academic goals, but you are ultimately responsible for producing on the actual exams, projects, and papers. Do not make excuses. If your grade on an exam is not as high as you would like, go see your instructor and find out what you missed and how you can do better the next time. Meet with your instructor and find out how to better prepare yourself. It is important to set forth a plan of improvement with the faculty to ensure successful return to satisfactory academic progress. College life is challenging so learn from every setback and move on to the next challenge. By setting priorities, managing your time, and studying effectively you will put yourself in a position to be very successful academically and athletically.

It is important that Student-Athletes have an understanding of the additional responsibilities they accept when they become members of a collegiate level athletic team.

Such responsibilities include:

- Performing to the best of your ability academically and athletically
- Contributing your best efforts toward successful team performance
- Contributing on and off the court in a manner that reflects credit to you, your team, the Athletic Department and the college.
- Making sacrifices that benefit your teammates, your education and the reputation of the college
- Supporting all sports activities/teams of NWIC

Participation in athletics is a privilege, not a right; there may be times when these responsibilities involve sacrifice, which might not be necessary, if you were not a Student-Athlete. Student-Athletes are members of a highly visible community within this larger community. The success of our athletic programs depends on the trust and support of the public. The goal of the Athletic Department is to provide a quality educational experience for Student-Athletes that deserve the public's confidence. This confidence is gained through exemplary performance both on and off the playing field by Student-Athletes, coaches, and staff.

You are subject to all Athletic Department rules and policies as stated in the Student-Athlete handbook and in other institutional publications including, but not limited to, those regarding academics.

Student Athlete Academic Expectations

Academic Integrity

Academic dishonesty, including all forms of cheating, plagiarism, and fabrication, is prohibited. Knowingly facilitating academic dishonesty is also prohibited. The expectation of the college is that all students will accept these standards and conduct themselves as responsible members of the academic community. Refer to the Student Rights and Responsibilities outlined for the current year you are participating.

Class Conduct and Attendance

Each student athlete is expected to:

- Be on time to class
- Be an active participant in the classroom
- Show respect for the professor, focus on the lecture, no music, cell phones, etc. Know your faculty's office hours, personalize your course work.
- Provide proper documentation before leaving on team travel and trips.
- Make up all course work missed due to team travel.

Absences

The Athletic Director and Coaches are responsible for scheduling events and will make every effort to minimize missed class time due to team travel. The Athletic Director or Coach will schedule departure dates with this as a priority. If you are absent from a class for a reason other than basketball, it is your responsibility to inform your instructors of your absence prior to the start of class time.

Events scheduled are monitored by the Athletic Director to ensure budget and academic needs are considered.

Academic Planning & Advising

Academic advising can be provided to students by advisors in Student Services, it is generally provided by the Athletic Director to ensure no time conflicts with game scheduling occurs. Advisors offer assistance in understanding degree requirements, planning schedules, understanding financial aid information, monitoring satisfactory academic progress and establishing and monitoring Student Success plans. Schedule an appointment with an advisor to verify that courses selected apply to intended degree program prior to quarterly registration.

For all Student Athletes, the Athletic Director will be your academic advisor. This will guarantee that your class schedule will not interfere with your practice schedule and/or games.

Team Rules

Each set of coaches will put together team rules with the team at the beginning of each season. All players wanting to participate on the team will be required to sign a contract with their coaches and the Athletic Director confirming that they are agreeing to abide by the rules of the team, coaches and Athletic Department.

1. You are all team mates and potentially dorm mates; treat each other with the respect and dignity. You will be spending approximately 7 months together while playing for NWIC; take advantage of building new friendships here. If disruptive and toxic behavior occurs that disrupts the team environment, and becomes detrimental to the team, the Athletic Director reserves the right to remove student(s) involved until the matter is resolved. This includes removing the privilege of traveling with the team the student is participating on.
2. All Student Athletes participating on either the Men's or Women's basketball teams are expected to show up at home games for the opposing team 2 hours before tip-off. This expectation ensures that the gym is set up before the opponent and officials arrive.
3. Practice and attendance: Student Athletes are expected to be at practice every day. If you are sick or injured, you are still expected to show up and support your team. Your coaches will decide to send you home if you are ill. Practice participation will determine your playing time in a game. If you miss practice before a game you will not suit up with your team.
4. Student Athletes not suited up for a game are still required to sit with their team in proper team apparel. NO head phones or cell phones on the team bench.

5. No head phones or cell phones visible at practice; this time needs to be committed consciously to enhancement of the team and yourself as a Student Athlete.
6. All practices are closed to outside guests unless prior arrangements are made.
7. NWIC Student Athletes will not participate on outside teams while participating in intercollegiate sports teams. Our priority is keeping students free from outside injuries caused by playing in un-sanctioned events. (Note: Certain situations will be considered and decided upon on a case-by-case basis)
8. Student Athletes will not participate in competition play (including leagues) or practice, if they have visible hickies on their neck, face or other areas that a jersey does not cover. Students are not allowed to place band aids or anything else over them to cover up marks in order to become eligible to play.

Failure to comply with team, Athletic Department, or college policies will result in suspension, probation and/or dismissal from the team.

- 1st offense – Suspension from practice & game play for 2 games
- 2nd offense – Suspension from practice & game play for 5 games
- 3rd offense – Removal from the team permanently

Roles of Director, Coaches, and Student-Athletes

The Athletic Director communicates the expectation of good sportsmanship to all representatives of the institution active with the athletics program. It is particularly imperative that this message is impressed on each coach, along with the intention that the coach will require compliance with the Athletic policies set forth by the Athletic Director. The Director must ensure that opponents are treated with fairness and respect. All aspects of game management must be controlled to assure such treatment, including crowd behavior.

The Coaches' behavior influences that of the Student-Athlete and frequently, the fans. The coach has a responsibility to educate student-athletes concerning their obligations to the coach, the institution, the Athletic Department, and themselves. Respect for an opponent can most effectively be conveyed to the Student-Athletes by the manner in which the coach speaks of and acts toward the opponent.

The Student-Athlete must honor the responsibilities which accompany the privilege of representing the institution by adhering to playing rules and guidelines set forth. Student-Athletes are expected to treat coaches, teammates, the Athletic Director, other college staff and opponents with respect. They must be aware of the penalties of fighting, taunting and of unethical conduct. Student Athletes will be removed from all collegiate play for any violations of the athletic handbook, team, department or college policies.
